

Navy Warfare Development Command Pacific Rim Innovation Symposium 'Engaging Junior Leaders to Address Pacific Rim Challenges' October 10-11, 2012

Navy Warfare Development Command (NWDC) is hosting a Pacific Rim Innovation Symposium on October 10-11, 2012, at the SPAWAR Systems Center in San Diego, Ca., for junior leaders from E-5 to O-5. The event is scheduled to start at 12:00 p.m. PDT both days to accommodate participants in various times zones, and will be carried over Defense Connect Online (DCO) for attendees located outside the San Diego area.

The Symposium, "Engaging Junior Leaders to Address Pacific Rim Challenges," is designed to help junior leaders transform ideas into capabilities, overcome internal barriers to innovation, promote debate on employment of sea power in future conflicts and solicit ideas to address current Pacific Fleet challenges. Each day will feature breakout teams working on current Pacific Fleet problems. Solutions suggested during these sessions will be brought forward to senior Navy leadership.

Featured Speakers:

ADM Cecil D. Haney,
Commander, U.S. Pacific Fleet

RADM Terry B. Kraft,
Commander, NWDC

CAPT Bryan S. Lopez,
Executive Officer, SPAWAR Systems Center Pacific
